Attention White Flight Refugee

You Can Run,
But You Can't Hide...

www.cofcc.org

Dear Baton Rouge White Refuge:

Your family, as well as thousands of others, have been forced to flee Baton Rouge due to the continued destruction of White habitat caused by the growing Third-World sprawl there.

Politically Correct commentators blame crime, bad schools, political rancor and quality of life for the flight from Baton Rouge. These commentators are restrained by Political Correctness from saying who causes these problems. But we all know who causes them.

In part due to the Political Correct regime, we face the disadvantage that the other races and ethnic interest groups are well organized while Whites are not. The NAACP, LaRaza and B'nai B'rith certainly are not looking out for your interests in this crazy world in which:

- * Whites are discriminated against, so that deficient Blacks and Mexicans can take their places in the name of "non-discrimination";
- * the Politically Correct bullies can force Denham Springs to make the Blacks' deity, Martin Luther King, everyone's deity; and
- * our politicians are not interested in protecting our borders from dangerous illegal aliens, but rather are more interested in "cheap" labor and protecting the borders of Israel.

However, there is good news. There are organizations which are fighting for your interests and you have a choice of which one depending on your tastes:

Mild: The Council of Conservative Citizens: www.cofcc.org

Medium: The European Unity and Rights Organization: www.whitecivilrights.org

Hot: The National Alliance : www.natvan.com or www.natall.com

Visit these sites and find out which one is right for you. We are only seven percent of the World's population and are the ultimate "minority group". Help counterbalance the forces arrayed against us.

Community Safety Alert

**Stay Safe • Protect Yourself and Your Family • Carry a Firearm
Stay Alert when you or your family are in close proximity to non-Whites**

Images provided courtesy of Baton Rouge Crimestoppers and our local law enforcement agencies.

THE FACTS: Blacks commit violent crimes at four to eight times the White rate. Of the approximately 1,700,000 interracial crimes of violence involving Blacks and Whites, 90 percent are committed by Blacks against Whites.

Blacks are up to 250 times more likely to do criminal violence to Whites than the reverse. Hispanics commit violent crimes at approximately three times the White rate, and Asians at one-half to three quarters the White rate. Blacks are twice as likely as Whites to commit hate crimes. Hispanics are a hate crime victim category but not a perpetrator category. Hispanic and Arab offenders are classified as Whites, which inflates the White offense rate and gives the impression that these groups commit no hate crimes. Such misclassification also gives the impression that the White crime rate is higher than the Asian rate, which it may not be.

Subject: NA Developments

UNCLASSIFIED
RECORD [REDACTED]

The National Alliance fracturing continued and accelerated this weekend. NA Staffers [REDACTED] as well as [REDACTED] in CA, were reportedly [REDACTED] over the weekend. Word spread quickly and as a result about six unit coordinators reportedly resigned this weekend. More may follow. You've probably already heard that the semi-annual leadership conference scheduled for next weekend was canceled for the first time since Pierce's death.

b6
b7C
b7E

I believe the upcoming EURO [REDACTED] conference event in New Orleans, 21-22 May, will become very important for determining the intended direction of the organized right-wing/racist extremist movement in a post-NA world, or at least a neo-NA world. Not to overwhelm [REDACTED] in NO, but I would recommend [REDACTED] This event may be the launch point for an entirely new organization, possibly headed by former NA staff [REDACTED] Other splinter groups, or at least affinity groups may be further identified at this gathering. Individual NA units may choose to form their own group rather than assimilate into another large organization. It may be important to assess individual and group dynamics and attitudes at such a gathering, not only for intel purposes, but to further assess the potential of a lone wolf acting out of frustration over the lack of progress that organized groups have been able to make in their goals. With [REDACTED] etc. basically failing to accomplish any of their organizational goals, leaderless resistance and lone wolf actions may come back into vogue.

I also would like to be able to reassess where we now stand with NA [REDACTED] You've probably all seen the DTOU tasking regarding spinoff case writeups [REDACTED] If you haven't already written it, it would help if you could address in this writeup [REDACTED] On the macro level we should make sure we have coverage on both sides of this thing. The die is probably cast by this point regarding the perception in the group of your source's loyalties. they can only ride the fence so long with this thing. However, the NA is unlikely to die completely as [REDACTED]

4/20/2005

-9

[redacted] will remain important on both sides of this internal conflict. To some degree, I believe the NA had a stabilizing effect on the majority of its members. In this time of significant organizational instability and upheaval, I believe individual actions by these people will become more difficult to anticipate, and certainly more difficult to cover with sources.

b6
b7C
b7E

Feel free to weigh in/fill me in from your perspective. In light of the taskings DTOU has recently bestowed upon us, I didn't want to set another lead regarding your NA stuff. If you don't have to provide a writeup in response to the DTOU tasking but do have a NA source, please reach out to me via phone or email and let me know where in this game [redacted]

Thanks

Jena Rally Sparks White Supremacist Rage, Lynching Threat

Posted By [Mark Potok](#) On September 20, 2007 @ 1:22 pm In [White Supremacist](#), [Neo-Nazi](#), [Hate Groups](#) | [74 Comments](#)

As tens of thousands of people were preparing to make their way to Jena, La., for today's anti-racism rally, white supremacists were burning up the Internet with furious denunciations, bloody predictions, promises of future violence, and calls for lynching.

"The best crowd control for such a situation would be a squad of men armed with full automatics and preferably a machine gun as well," is how one person put it on the Web forum hosted by the neo-Nazi Vanguard News Network. Added another hopeful VNN poster: "I'm not really that angry at the nogs [a recent variation on an ancient racial slur] — they are just soldiers in an undeclared race war. But any white that's in that support rally I would like to ... have them machine-gunned."

As the rally began to unfold this morning, it became clear that it would attract huge numbers of people, perhaps even the 40,000 that some organizers had predicted. They came to protest the case of the "Jena 6," black youths who were charged with serious crimes for an attack on a white youth not long after white teens who had targeted blacks were let off with a slap on the wrist. White supremacists reacted with a strange mixture of anger and admiration for the organizing behind the rally.

But the dominant response was violent rage. "I think a group of White men with AK rifles loaded with high capacity magazines should close in on the troop of howler monkeys from all sides and compress them into a tight group, and then White men in the buildings on both sides of the shitskinned hominids shall throw Molotov cocktails from above to cleanse the nigs by fire," wrote "NS Cat" on VNN. Another poster fantasized about a terrorist attack in Jena today: "Wouldn't that be sweet? Gosh darn, wouldn't that be sweet? Good LORD wouldn't THAT be SWEEEEET? Boom, Boom, no more Coon! Well? A White man can dream can't he?"

"If these blacks want a race war," added a poster on Stormfront, another white supremacist Web forum, "they will get one. Bring it on."

In Roanoke, Va., an especially virulent purveyor of race hate, neo-Nazi Bill White, this afternoon posted the home addresses and phone numbers of five of the six black youths who make up the Jena 6 under this headline: "Addresses of Jena 6 Niggers: In Case Anyone Wants to Deliver Justice." White previously posted the home addresses of Southern Poverty Law Center president Richard Cohen and SPLC cooperating attorney James Boren.

White, the leader of the American National Socialist Workers Party, suggests that readers "get in touch and let them know justice is coming." Another White posting on the matter doesn't hold anything at all back: "Lynch the Jena 6."

Robert Moore (right), a well-known neo-Nazi leader from Baton Rouge, La., apparently abandoned plans he had discussed on Stormfront Wednesday to protest the Jena rally, possibly while carrying guns. Instead, he wrote later, "If they DO start rioting and looting and burning and raze the town to the ground, [1] [White Pride Construction](#) will be there the next day to help them rebuild." In fact, Moore's company, started in 2005, has done a great deal of post-Katrina rebuilding on the Gulf Coast — a truly remarkable thing, given that its name includes a widely known racist slogan.
